Narainsons app shuru se aakhir tak kaise kaam karti hai

Customer ke pehle login se lekar loan ki aakhri EMI tak ka poora process, aur har stage par kaun kya karta hai.

System ke teen hisse

Customer: mobile app

Customer app se login karta hai, KYC deta hai, loan apply karta hai aur EMI ka proof bhejta hai.

Staff: admin panel

Aapki team browser se KYC check karti hai, loan approve karti hai, paise bhejne ki entry karti hai aur EMI verify karti hai.

System: server

Sara data save karta hai, rules check karta hai, EMI ka hisaab lagata hai, aur OTP, push notification aur reminder bhejta hai.

Poora safar ek nazar mein

Login → Profile aur KYC → KYC check → Loan apply → Approval → Paise bheje → EMI payment → Loan close

Paisa app ke andar se nahi jata

Abhi app mein payment gateway nahi hai. Staff loan ka paisa apne bank se bhejta hai aur uska UTR number admin panel mein darj karta hai. Customer EMI UPI, QR ya bank transfer se bharta hai aur screenshot app mein upload karta hai. Staff bank mein check karke use approve karta hai.

Har stage par kaun kya karta hai

		CUSTOMER	STAFF	SYSTEM
1	**Login**	Mobile number ya email dalta hai aur OTP se login karta hai. Baad mein password bhi bana sakta hai.	Kuch nahi karna	SMS ya email par OTP bhejta hai, jo 10 minute chalta hai. Pehli baar aane par account banata hai.
2	**Profile aur KYC**	Teen steps bharta hai: personal details; address, naukri aur income; phir Aadhaar, PAN, bank details aur consent.	Kuch nahi karna	Steps ko order mein hi aage badhne deta hai. Documents surakshit rakhta hai. KYC ko "submitted" karta hai.
3	**KYC check**	Result ki notification pata hai. Reject hone par reason dekhkar KYC dobara bhejta hai.	Admin panel mein Aadhaar aur PAN dekhkar KYC verify karta hai, ya reason likhkar reject karta hai.	Status update karke customer ko push notification bhejta hai.
4	**Loan apply**	Home screen par banners aur guide video dekhta hai. Amount aur mahine chunkar EMI dekhta hai. Phir purpose aur guarantor dekar apply karta hai. Pending rehte hue cancel bhi kar sakta hai.	Nayi application list mein dikhti hai	Amount, mahine aur guarantor ki ginti check karta hai. Ek loan chalte hue doosra apply nahi hone deta.

5 **Approval**	CUSTOMER Notification ka intezaar karta hai	STAFF Application dekhkar approve ya reject karta hai.	SYSTEM KYC verified hue bina approval nahi hone deta. Approve hote hi EMI schedule banata hai aur push bhejta hai.
6 **Paise bhejna**	CUSTOMER Notification aur EMI ki tareekhen app mein dekhta hai.	STAFF Bank se paisa bhejta hai, phir admin panel mein Disburse dabakar UTR number dalta hai.	SYSTEM EMI ki tareekhen pakki karta hai. Pehli EMI ek mahine baad aati hai. Ab se EMI bhari ja sakti hai.
7 **EMI payment**	CUSTOMER App se UPI, QR ya bank details lekar payment karta hai. Screenshot aur UTR app mein bhejta hai.	STAFF Bank mein payment check karke approve ya reject karta hai. Rejection ka reason bhi likh sakta hai.	SYSTEM EMI se kam amount ka claim nahi leta. Ek EMI par do pending proof nahi lene deta. Result ka push bhejta hai aur baaki EMI ginta hai.
8 **Reminder**	CUSTOMER Reminder dekhkar time par EMI bharta hai.	STAFF Kuch nahi karna	SYSTEM Har ghante apne aap check karta hai. Due date se 3 din pehle se din mein ek reminder bhejta hai. Date nikalne par EMI "overdue" karta hai aur reminder jari rakhta hai.

9 **Loan close**	CUSTOMER Notification pata hai. Purana record dekh sakta hai aur naya loan apply kar sakta hai.	STAFF Aakhri EMI approve karna hi kaafi hai	SYSTEM Aakhri EMI approve hote hi loan apne aap "closed" kar deta hai.

Loan ka status

Pending → Approved → Disbursed → Closed

Pending	Application aayi hai, staff ka faisla baaki hai
Approved	Staff ne maan li, paisa abhi nahi gaya
Disbursed	Paisa bhej diya, EMI chal rahi hai
Closed	Saari EMI bhar gayi
Rejected	Staff ne mana kar diya
Cancelled	Customer ne khud cancel kiya

EMI ka status

Pending → Awaiting proof → Paid

Pending	Abhi bharni hai
Awaiting proof	Customer ne proof bheja, staff check karega
Paid	Staff ne payment approve kar di
Overdue	Due date nikal gayi aur EMI nahi bhari

Staff proof reject kare to EMI wapas pending ho jati hai. Due date nikal chuki ho to overdue ho jati hai.

Loan ke rules

RULE	ABHI KI SETTING
Loan amount	₹10,000 se ₹50,000, ₹5,000 ke steps mein
Samay	3 se 24 mahine
Guarantor	Har ₹10,000 par 1, kam se kam 1. ₹50,000 par 5. Sabka mobile number alag.
Byaj aur processing fee	Abhi 0%. Settings se badal sakte hain.
Ek samay mein loan	Ek hi. Naya loan pichli saari EMI bharne ke baad.

UDAHARAN: ₹20,000 KA LOAN, 6 MAHINE

₹3,333.33	₹20,000	₹3,450.97	₹20,705.81
EMI, abhi ki setting (0% byaj)	Kul wapsi, 0% byaj par	EMI, agar 12% saalana byaj ho	Kul wapsi, 12% byaj par

Aakhri EMI mein kuch paise ka farak ho sakta hai, taaki kul rakam bilkul sahi baithe. 12% sirf samjhane ke liye udaharan hai.

Customer ko notification kab milti hai

Har notification phone par push ke roop mein aati hai aur app ki notification list mein bhi save rehti hai. Customer settings se push band kar sakta hai.

KAB	KYA
KYC	Verify hone par, ya reject hone par reason ke saath
Loan	Approve, reject, paisa bhejne aur loan close hone par
EMI payment	Proof milne par, aur approve ya reject hone par
EMI reminder	Due date se 3 din pehle se din mein ek baar, overdue par bhi
General	Jab staff kisi customer ko message bheje

Admin panel mein kya hai

- **Dashboard:** pending kaam, loan ka hisaab aur date-wise activity. Har card apni list kholta hai.
- **Notifications:** staff alerts, customers ko bheje gaye message, aur naya message bhejna
- **Customers:** customer ki details aur KYC review
- **Loan applications:** approve, reject aur disburse
- **Guarantors, EMI payments, EMI schedule:** proof check karna aur overdue dekhna
- **Home banners, payment details, videos:** app mein dikhne wali cheezein
- **Staff accounts, All data, My profile:** staff aur records

Har list mein search, date aur advanced filter hain, 25 se 500 rows per page, aur CSV ya Excel download.

Naya customer, naya loan, KYC submit ya EMI proof aate hi staff ko panel mein tez awaaz ke saath alert milta hai.
